

NB Common Front for Social Justice Inc. (FCJS)

226 Saint George, room 412

Moncton, NB E1C 1W1

Hello!

In February 2021, we submitted to the Department of Social Development, a modification in their wage exemption policy. We asked that the amount of exemption be increase from \$150 to \$500 for all social welfare recipients. For your information, we included the list of organizations who are supporting our request (See below).

We are carrying on in our search for support from the key members of all New Brunswick political parties as well as from other influential groups. We prepared a two-page document that will help you better understand our demand.

Given that “Unity is strength”, we invite you to share our proposal among people within your networks. We think there is a good chance that our demand will be accepted.

Auréa Cormier,

Auréa Cormier, secretary
Moncton Chapter of the Common Front for Social Justice
